

U.S. EPA ORD National Health and Environmental Effects Research Laboratory Tour

Location: 200 SW 35th St., Corvallis

When: Thursday, March 7th

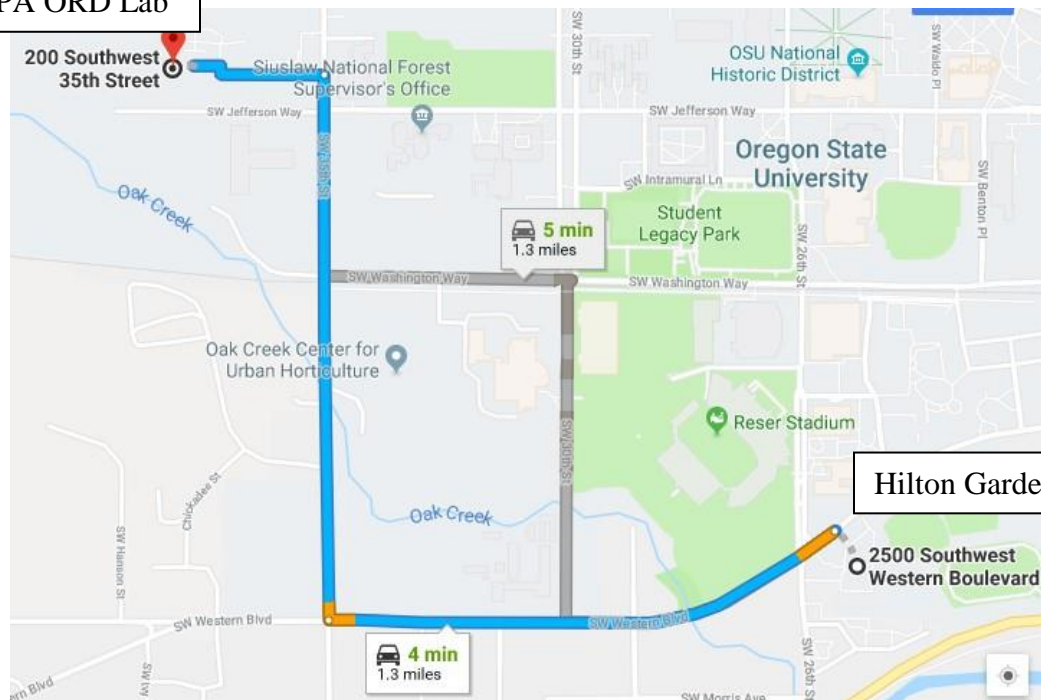

Time: 10:00 am to 11:00 am

Transportation: Vans will be available outside the Hilton Garden Hotel at 9:30 am to transport people to the lab, as well as pick them up at 11:00 am to transport them back to the hotel. The vans will depart from the hotel at 9:45 am so please be on board by then.

Attendees can also walk the 7 blocks (1.3 miles) from the hotel to the U.S. EPA office: Directions as follows:

- From the Hilton Garden Inn (2500 SW Western Blvd) head southwest on SW Western Blvd towards SW 26th St. (0.6 mi).
- Turn right onto SW 35th St. (0.6 mi).
- Turn left and proceed to destination (0.1 mi).

US EPA ORD Lab

Tour Description:

This will be a tour of the EPA Office of Research and Development, National Health and Environmental Effects Research Laboratory, Western Ecology Division (WED). Tour guides will provide an overview of studies in their laboratories of nanomaterial toxicity, use of stable isotopes in ecological research and tour campus grounds to discuss work in field simulations (mesocosms), greenhouse studies to examine effects of pyrolyzed organic matter (biochar) in sequestering heavy metals in soils, and field studies, such as at their instrumented tree site and coast-to-crest network of field sites to assess forest vulnerability to climate change.
